Have a nice day!

Becca

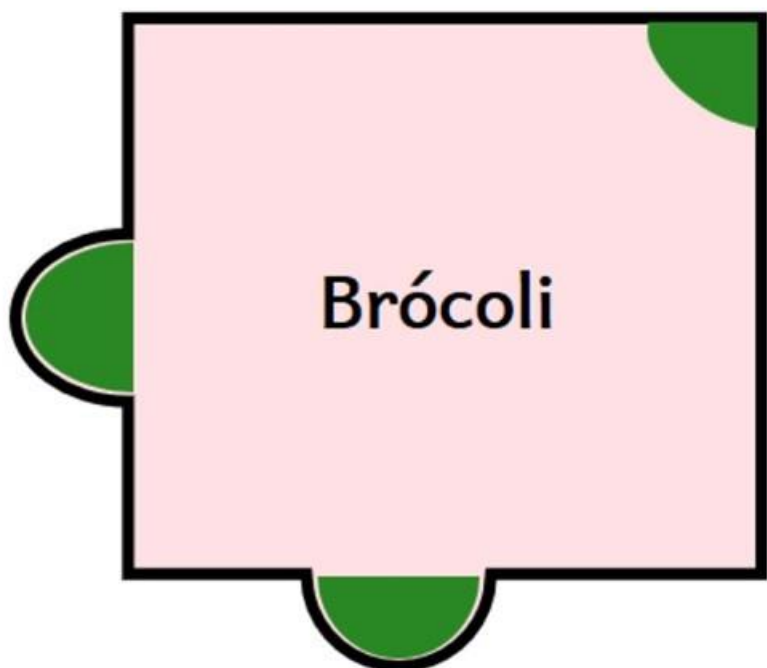

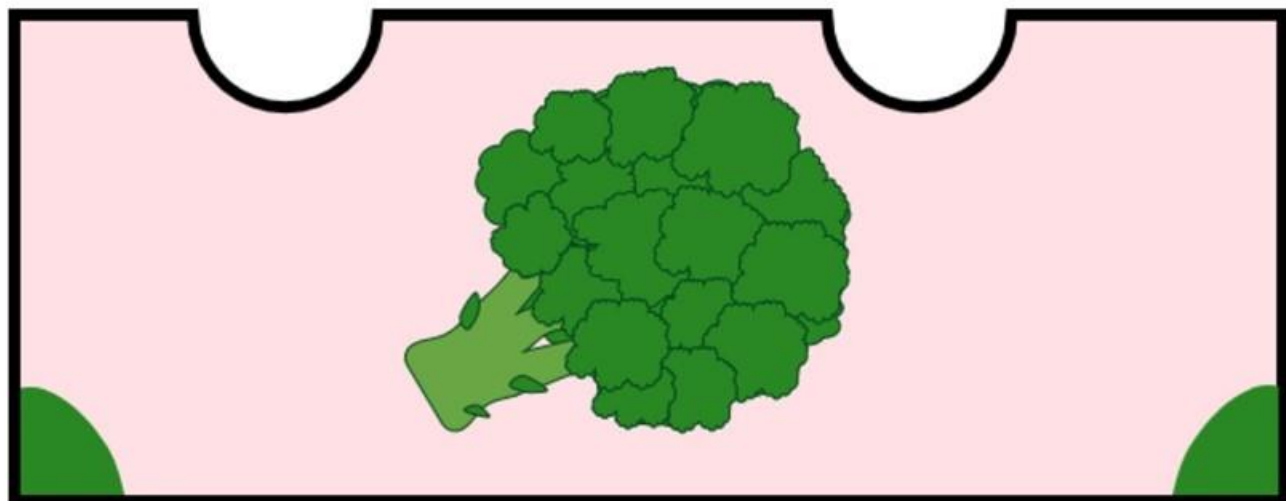

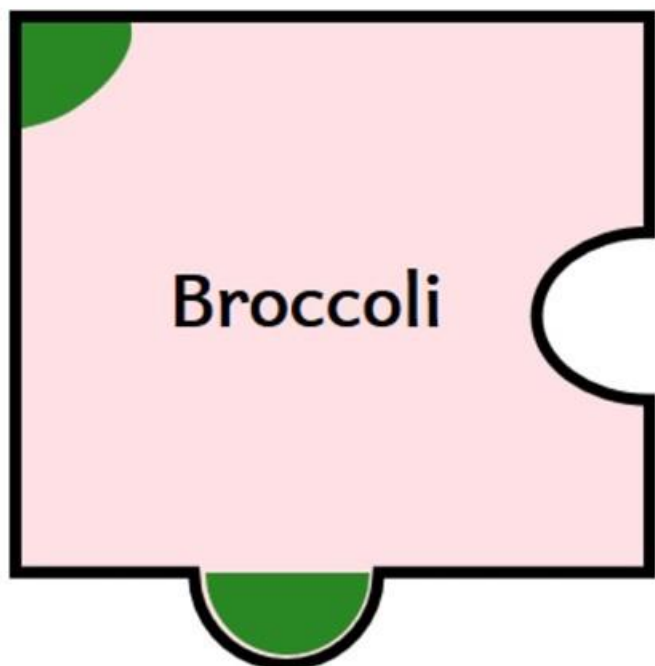

How to use this activity

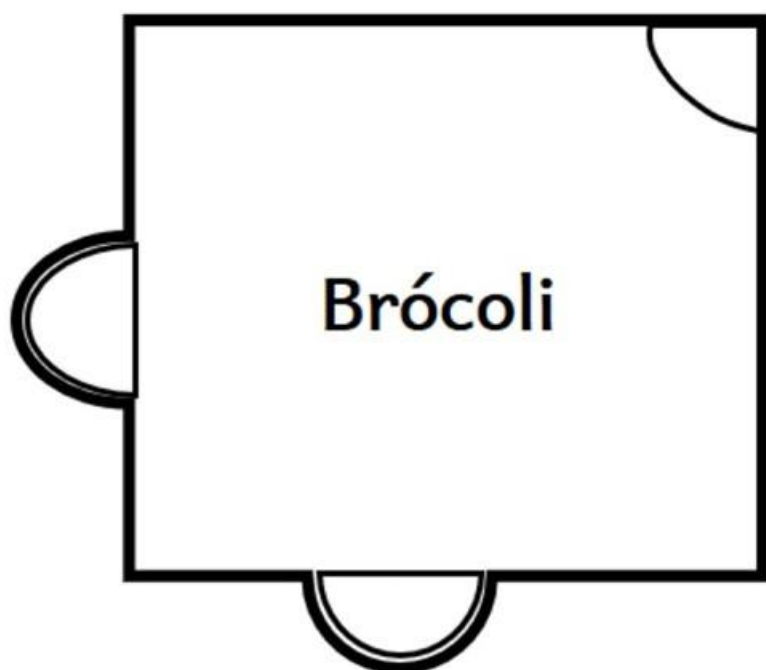

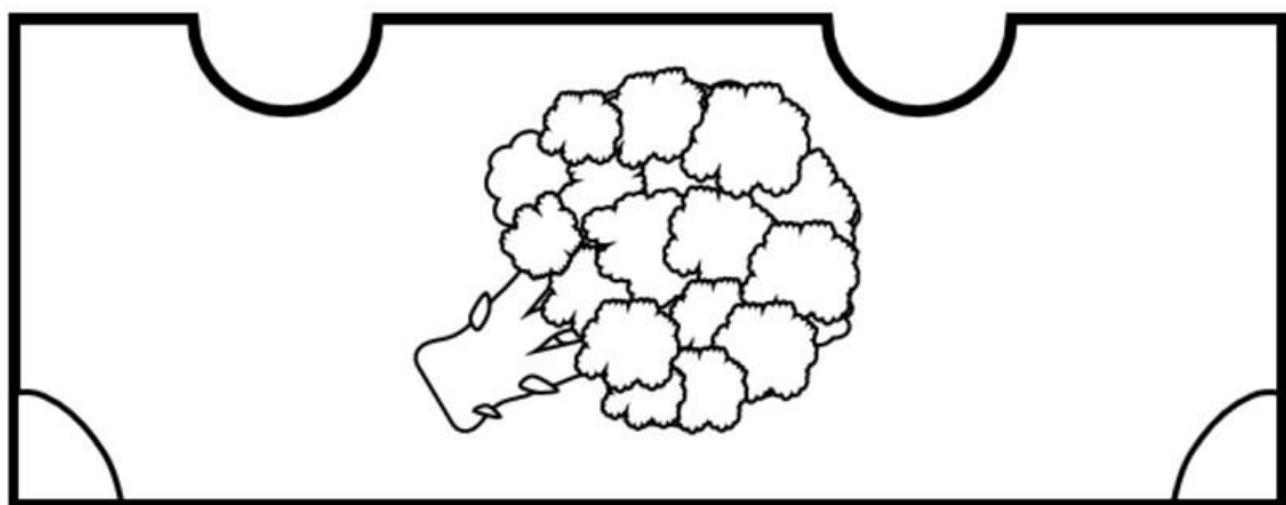

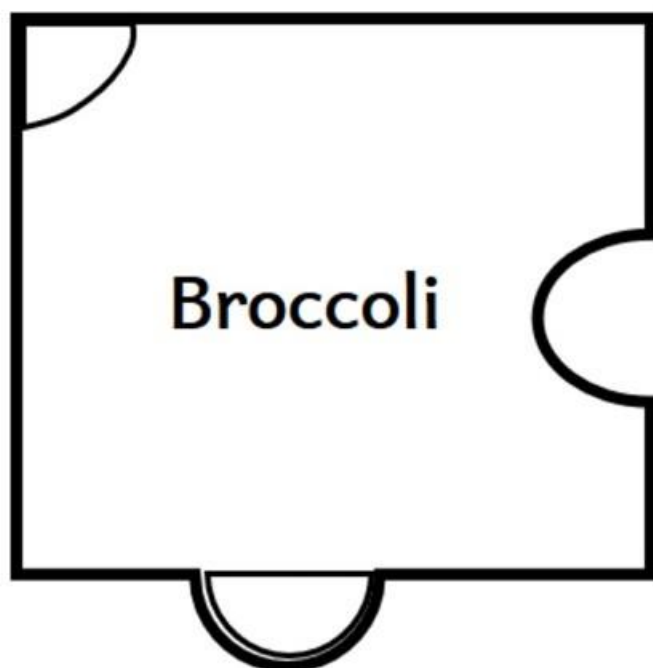

Print all the puzzle pieces on cardstock, cut them out and mix them all up. Now the little ones have to match the vegetables with their names in English and Spanish.

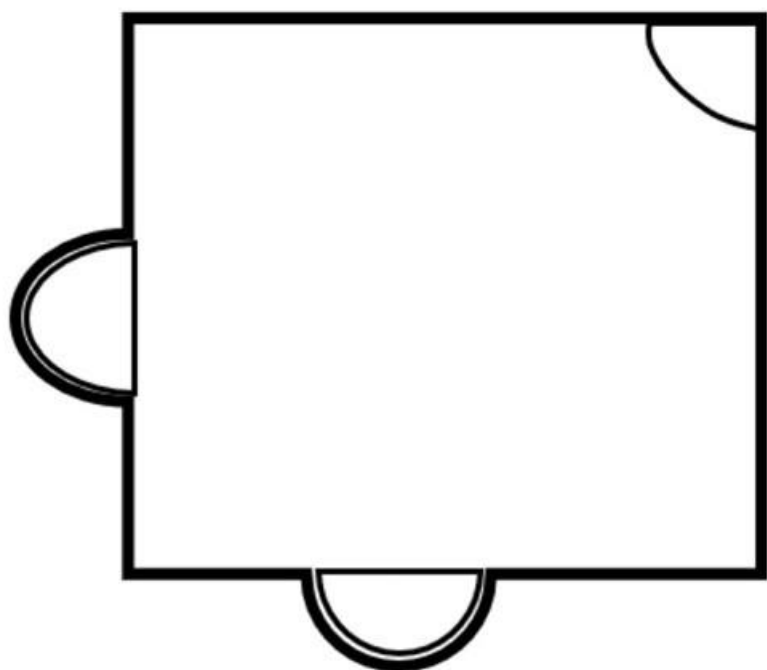

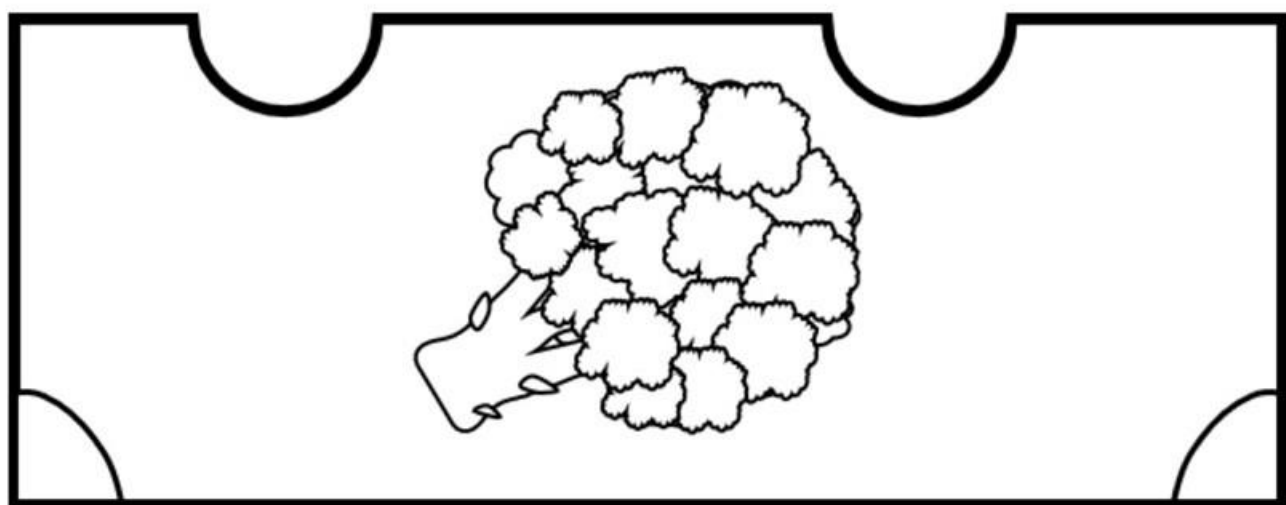

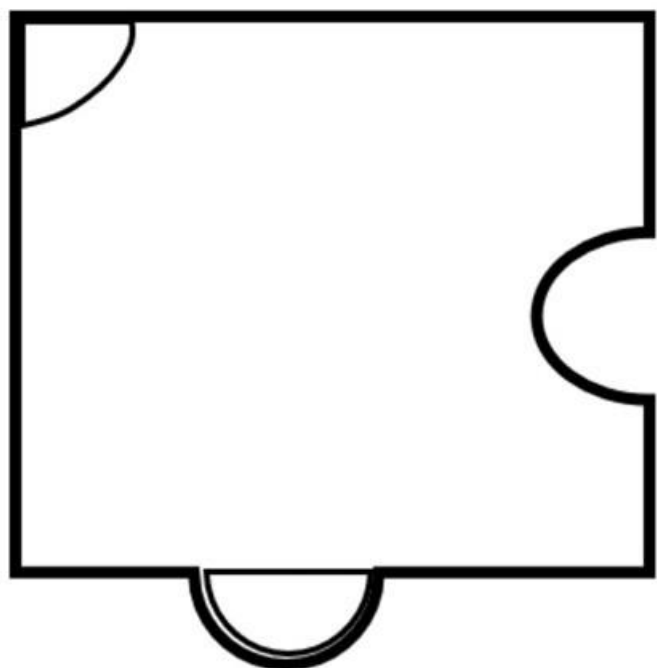

I have included a color and black and white version with the names on it as well as a black and white version without the names so you can use it as a writing activity.

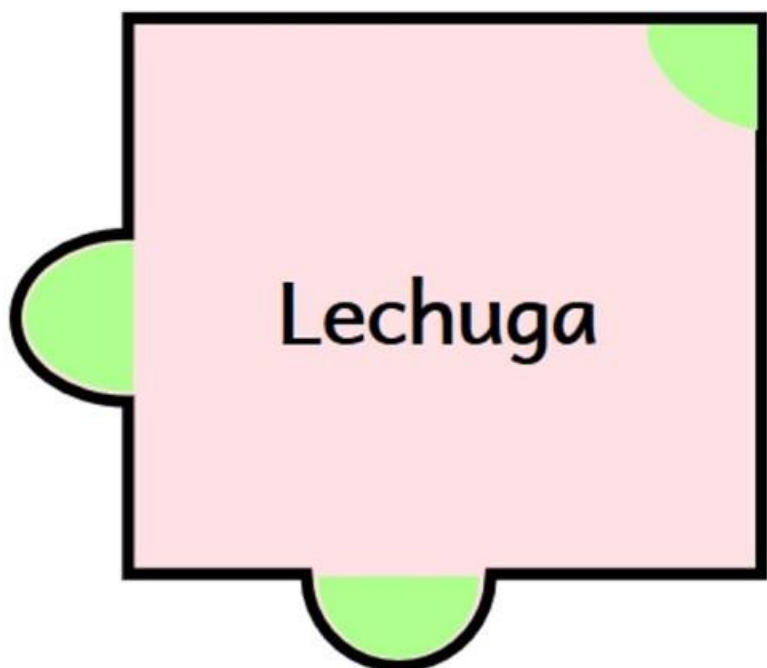

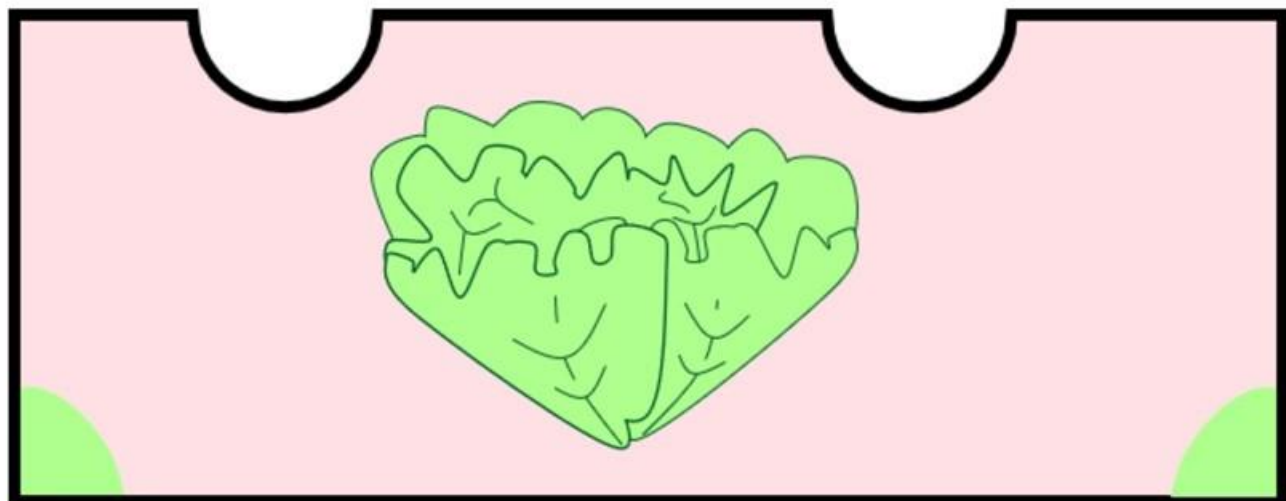

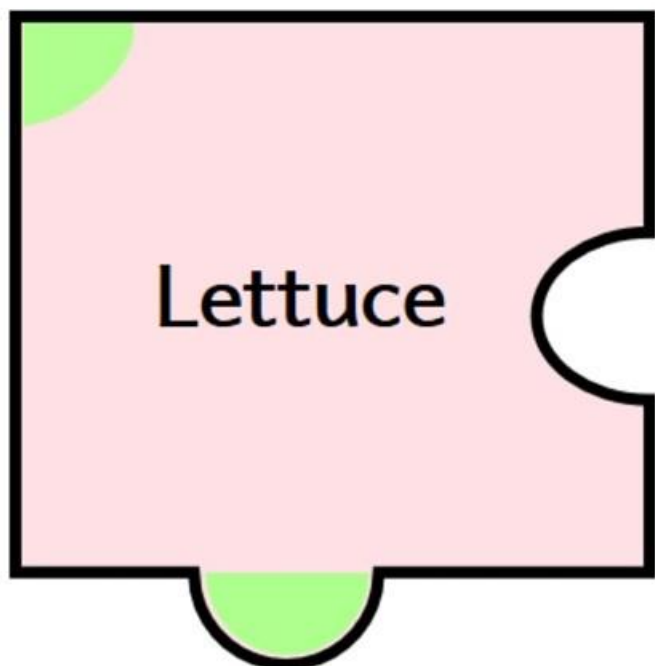

Finally, I have **included two versions of the potato vegetable**, because in Spain the word used for potato is patata, whereas in others Spanish speaking countries they use the word papa.

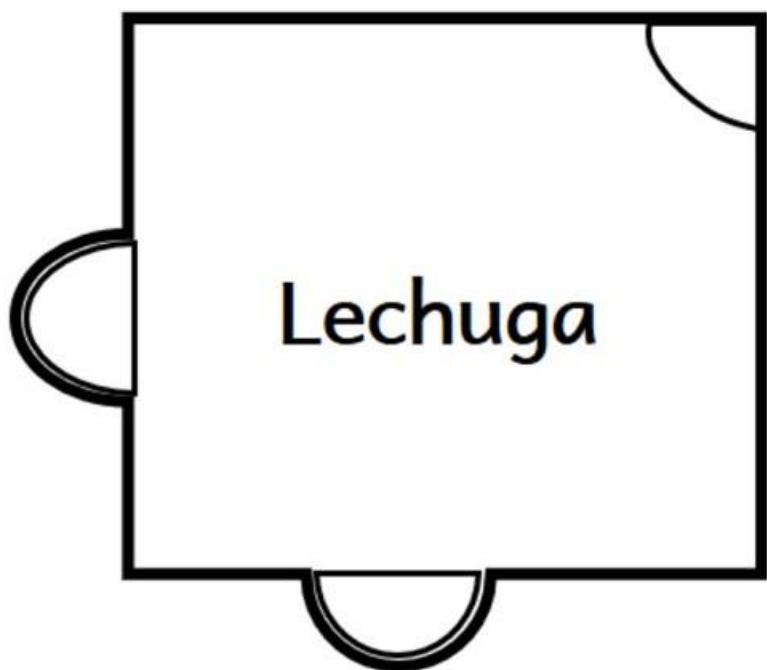

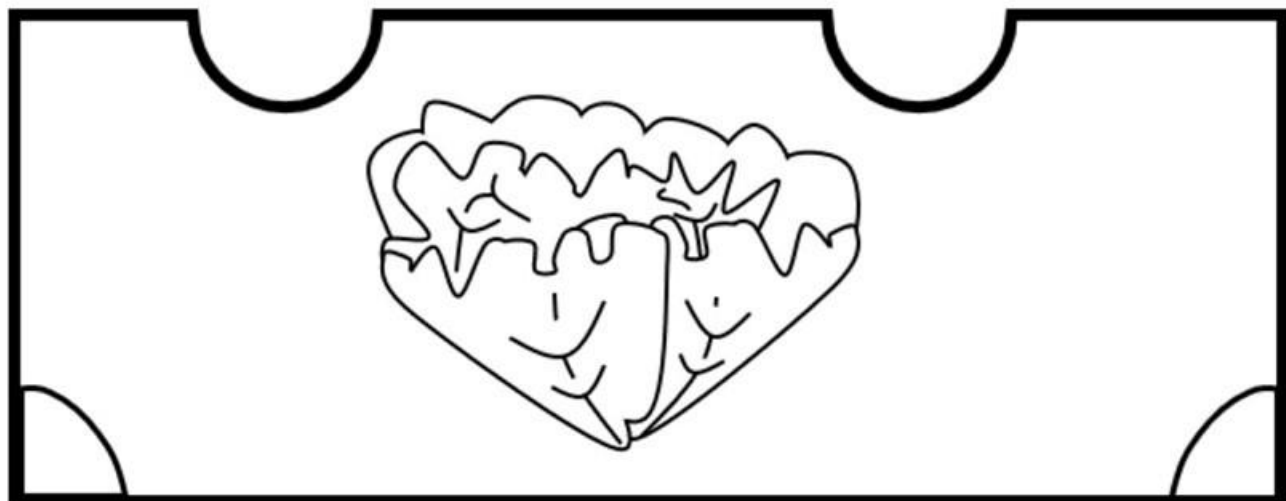

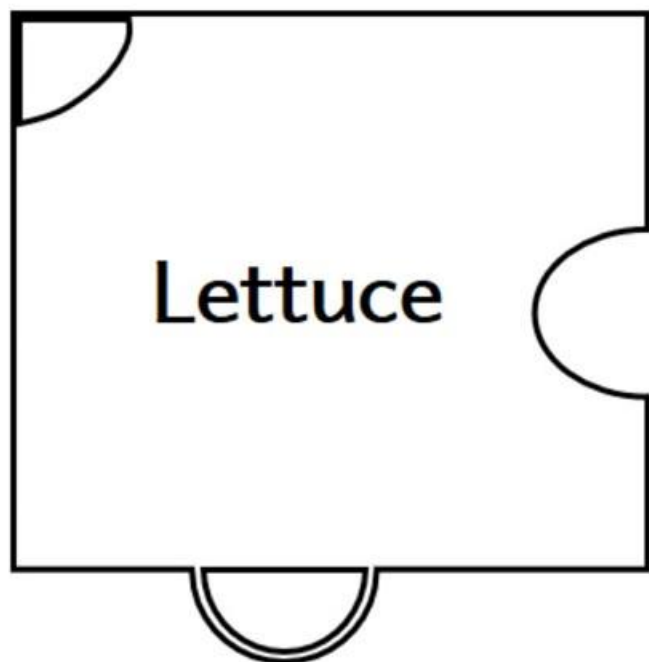

I hope you find this activity useful!

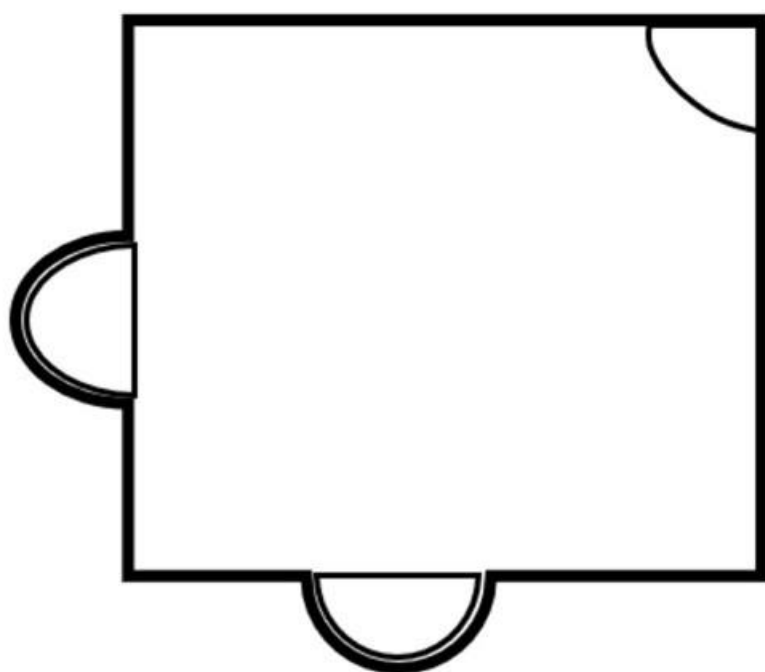

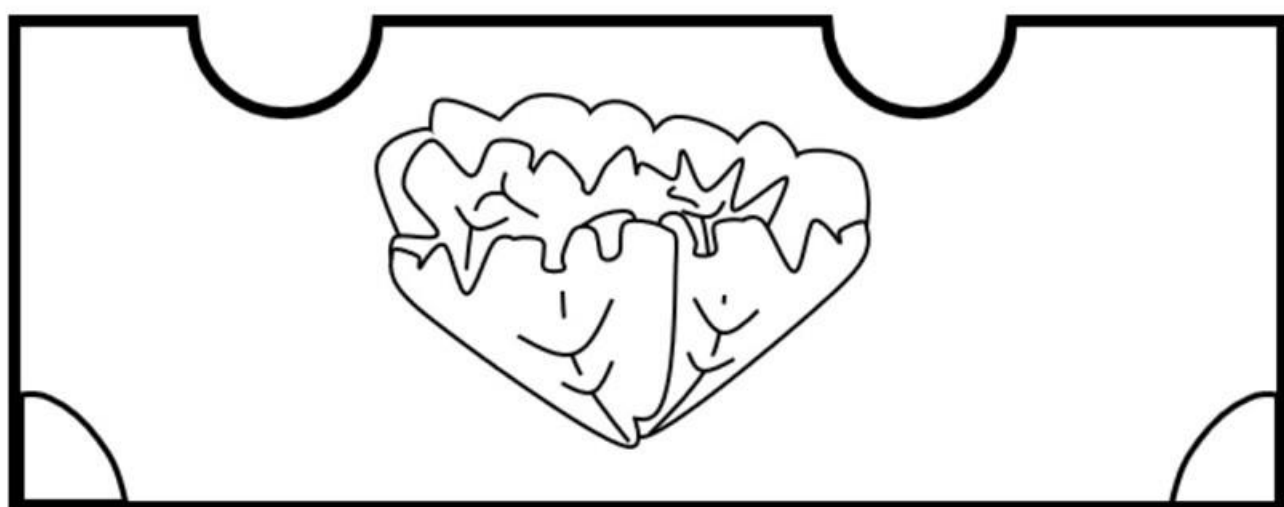

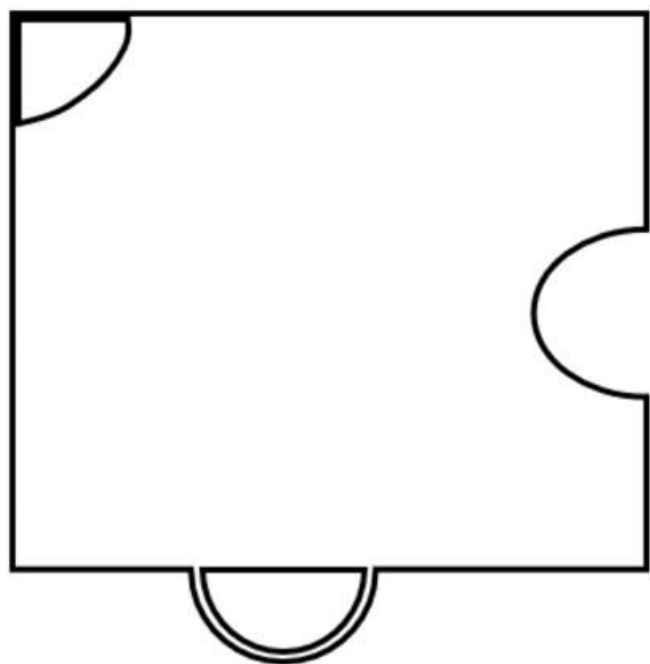

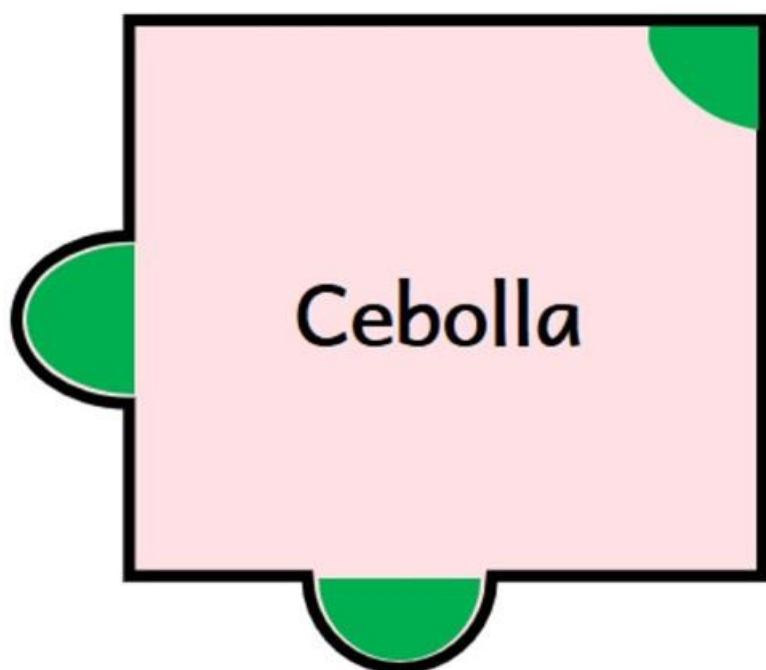

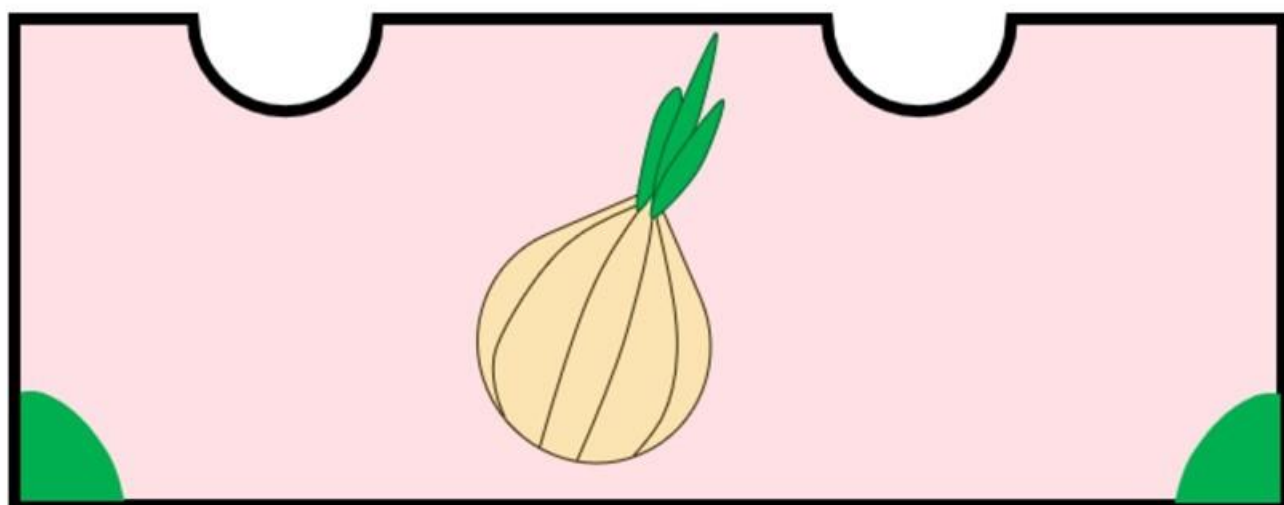

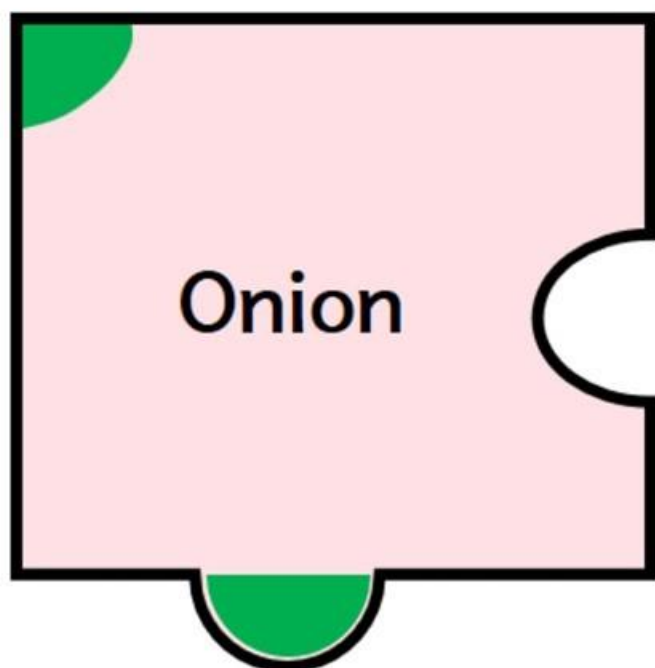

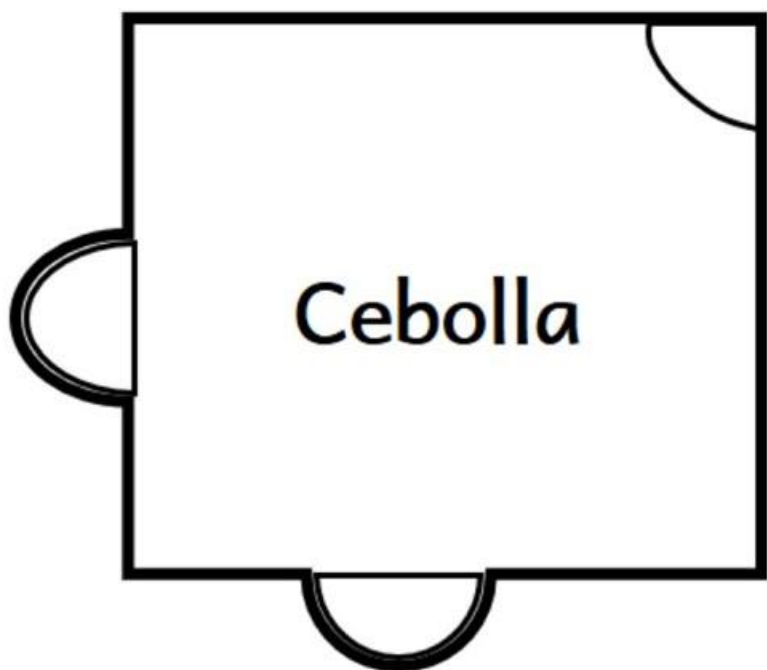

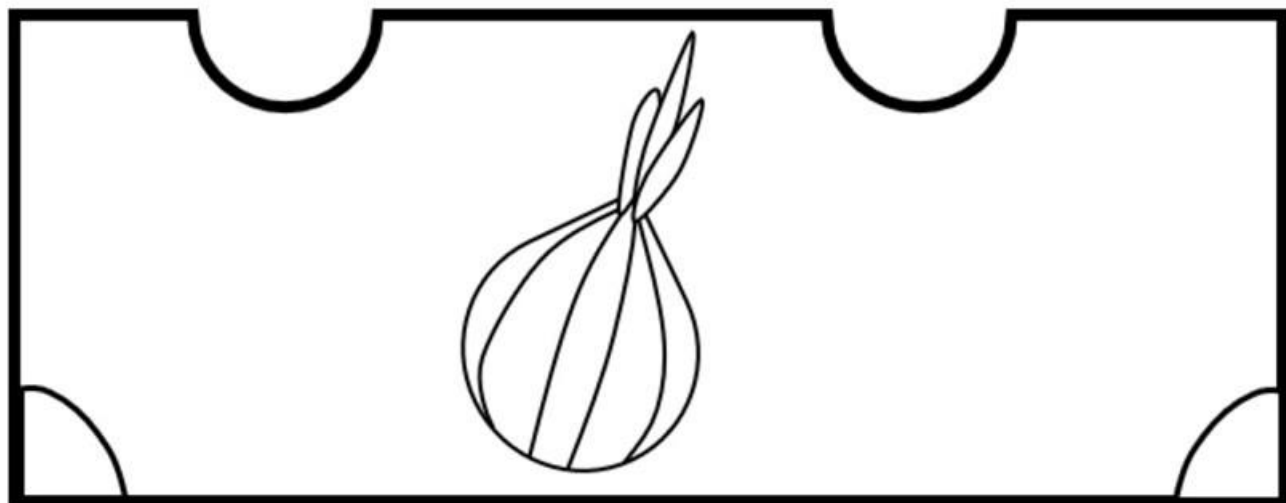

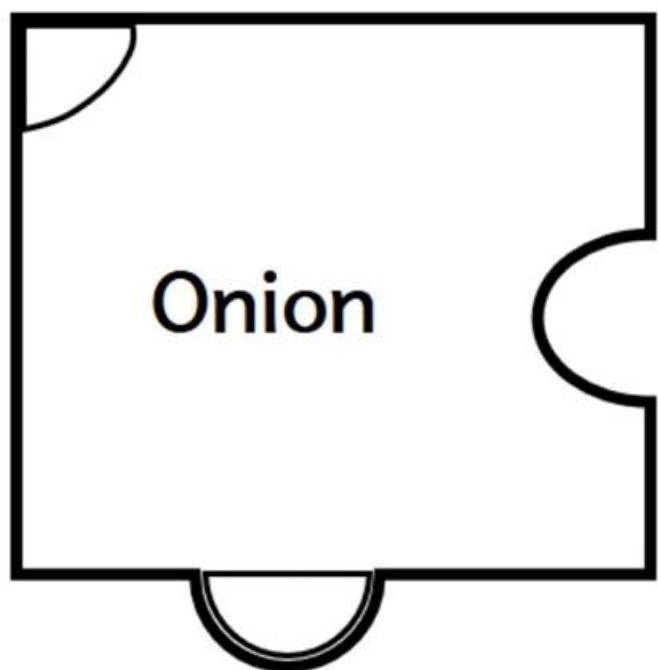

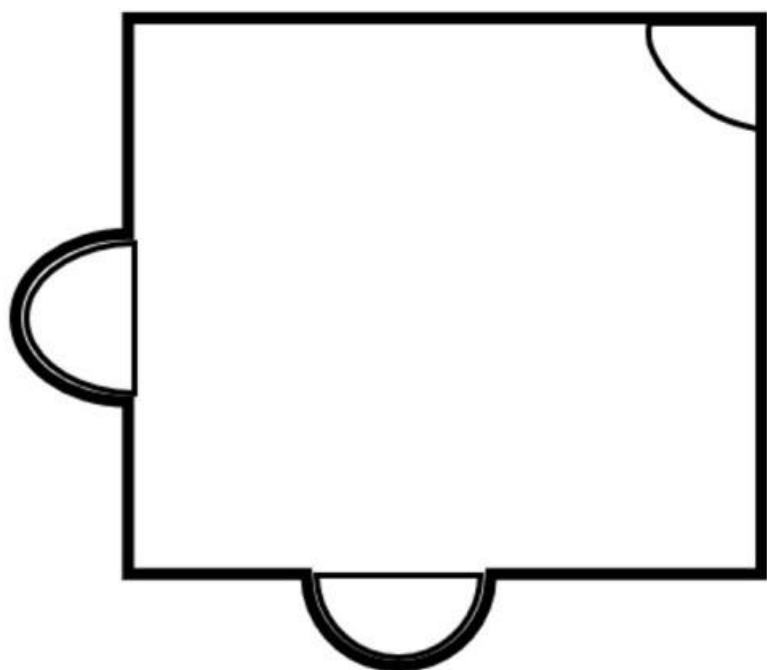

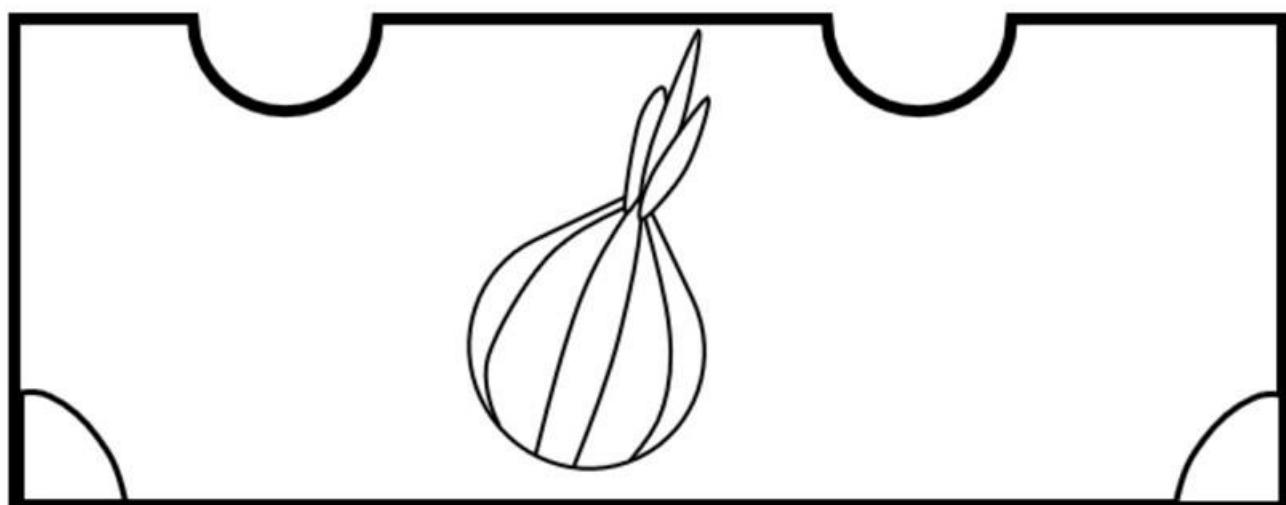

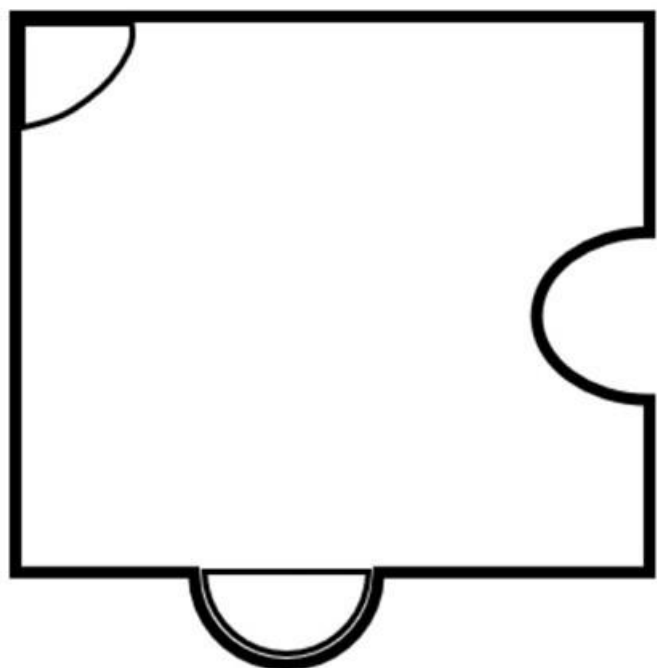

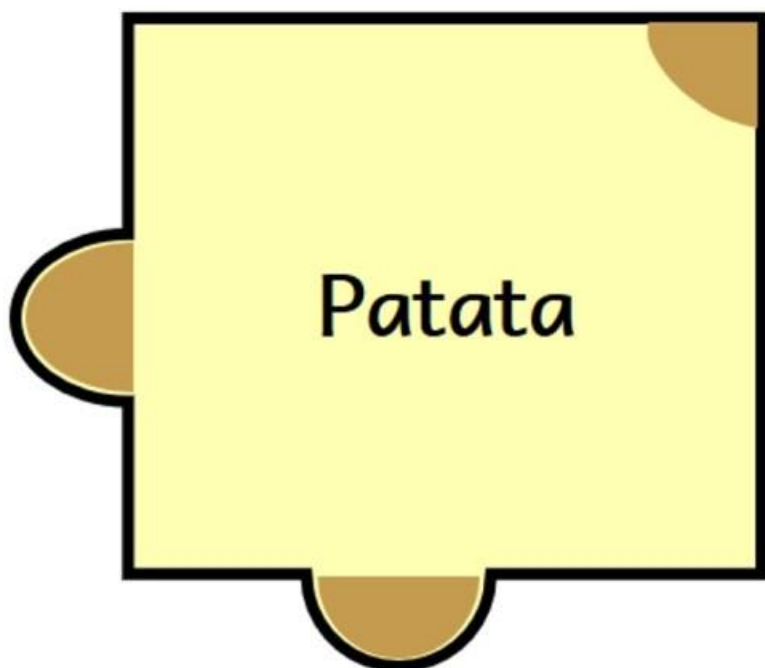

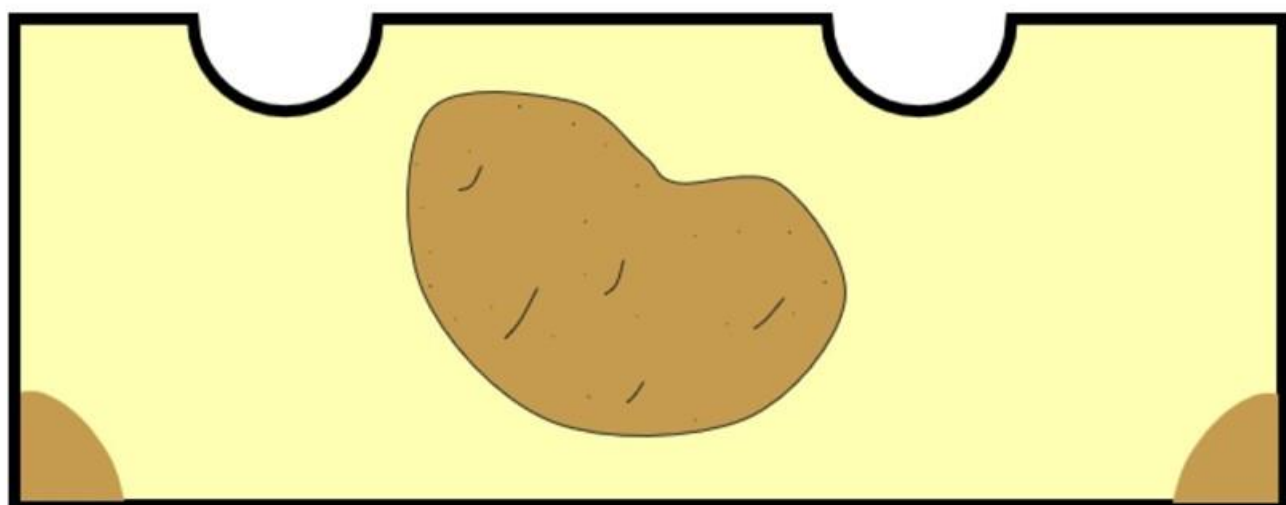

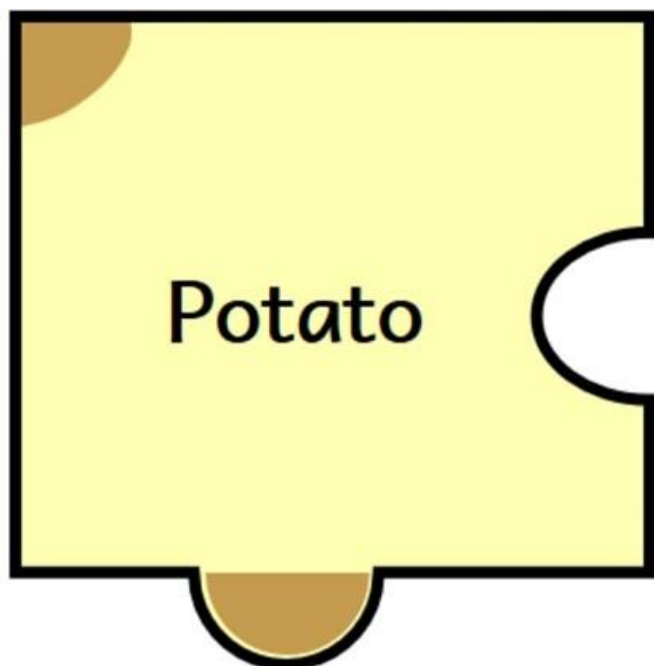

There are two versions of this vegetable. Please read the **how to use this activity** page, thanks!
