

# MEMORY CARDS

**GRAMMAR**

**QUESTION  
WORDS**

# Bonus Flashcards

## *How To Print Instructions*

To print the cards double-sided, go to your printer settings, look for the print both side option (most printers do this automatically, in others you will have to turn the pages manually).

On the print selection option, select custom range and write the range you want to print, in this case print from page 4 to page 15.

Print them on cardstock, cut them out and that's it, you have your flashcards ready to use!

You can also laminate them for more durability.

# Bonus Memory Cards

## *How To Play*

Place all the cards face down and mix them up.

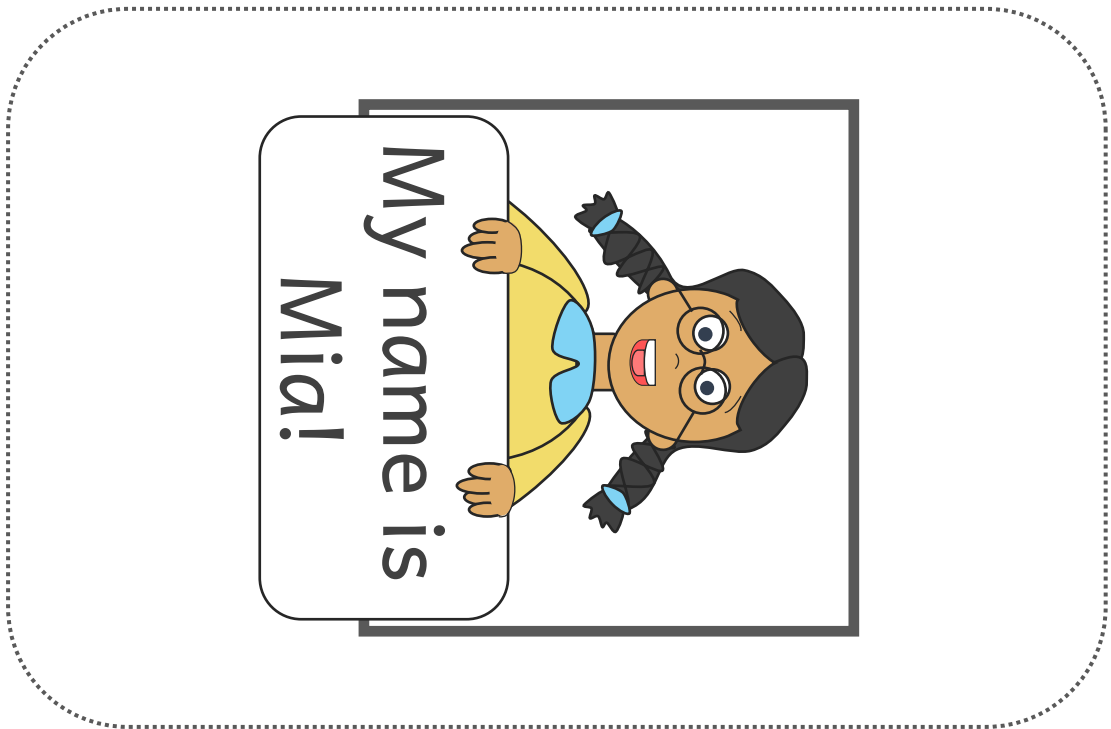

The kids should play in pairs or in teams.

Each kid or team takes it in turns to turn over two cards. The objective is to match the cards (the questions with the answers).

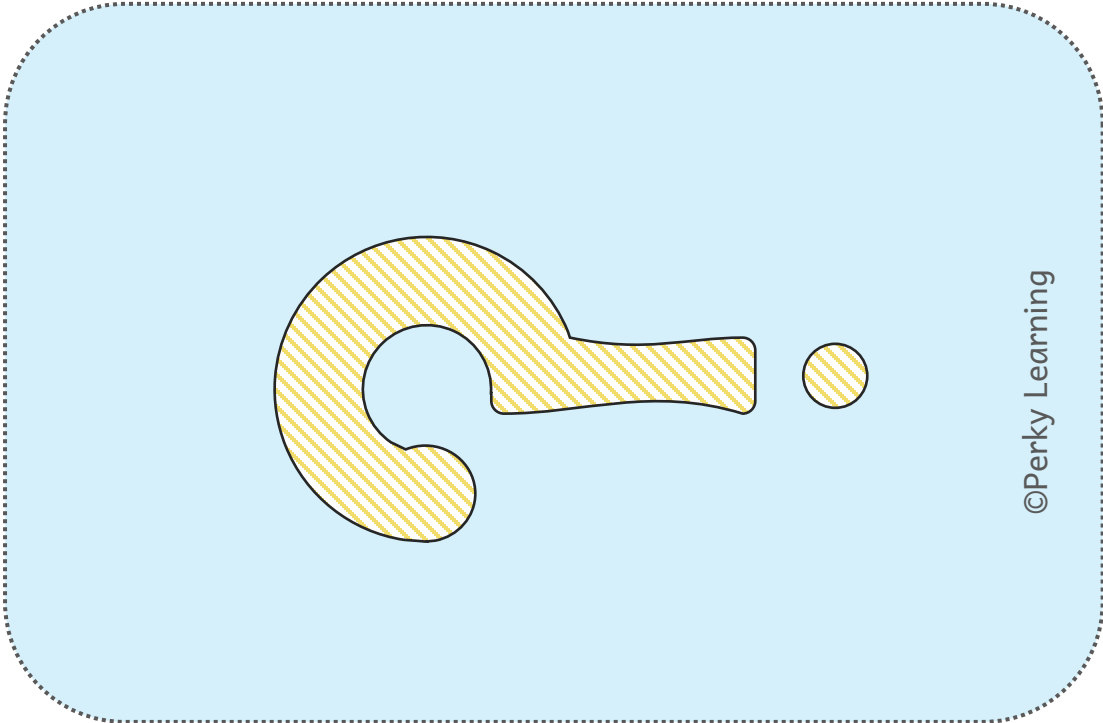

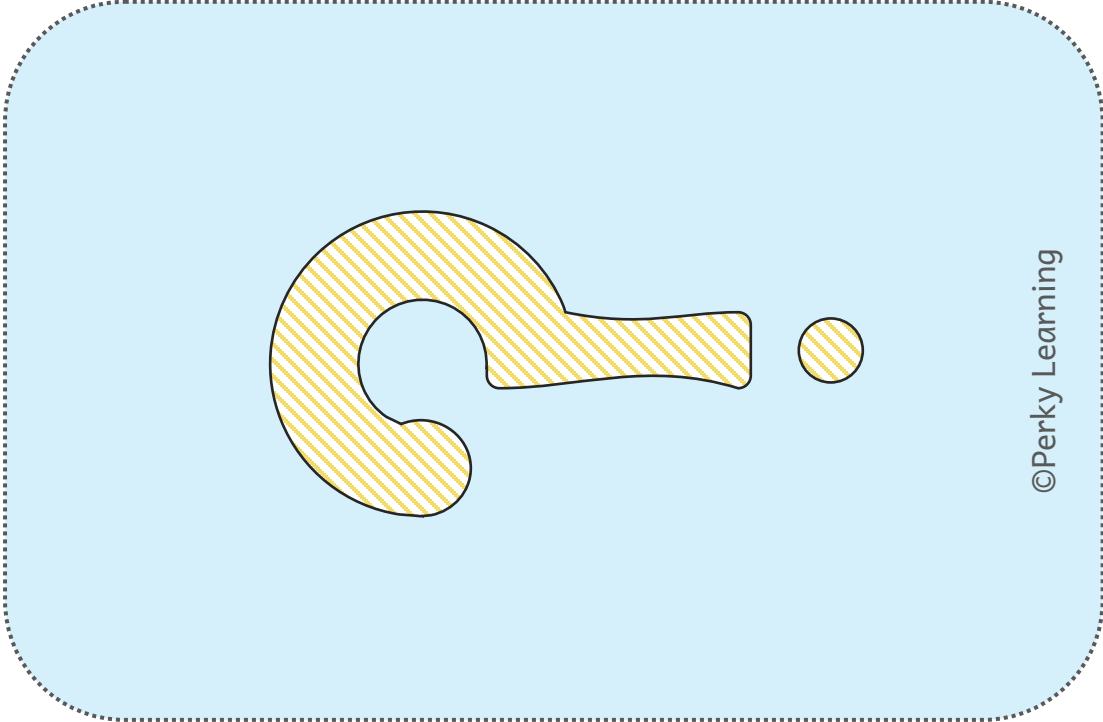

If they successfully turn over a pair, they get another turn. The kid or team with the most pairs at the end is the winner.
