

# Let's COUNT SHAPES!

Shape recognition and  
counting worksheets.

Name: \_\_\_\_\_

## Let's count SHAPES

Have a look at the image.  
Read the questions and circle the right  
answers. Then color the shapes.

How many triangles are in the image?

4                      5                      7                      6

How many circles are in the image?

9                      11                      12                      10

How many squares are in the image?

7                      6                      4                      5

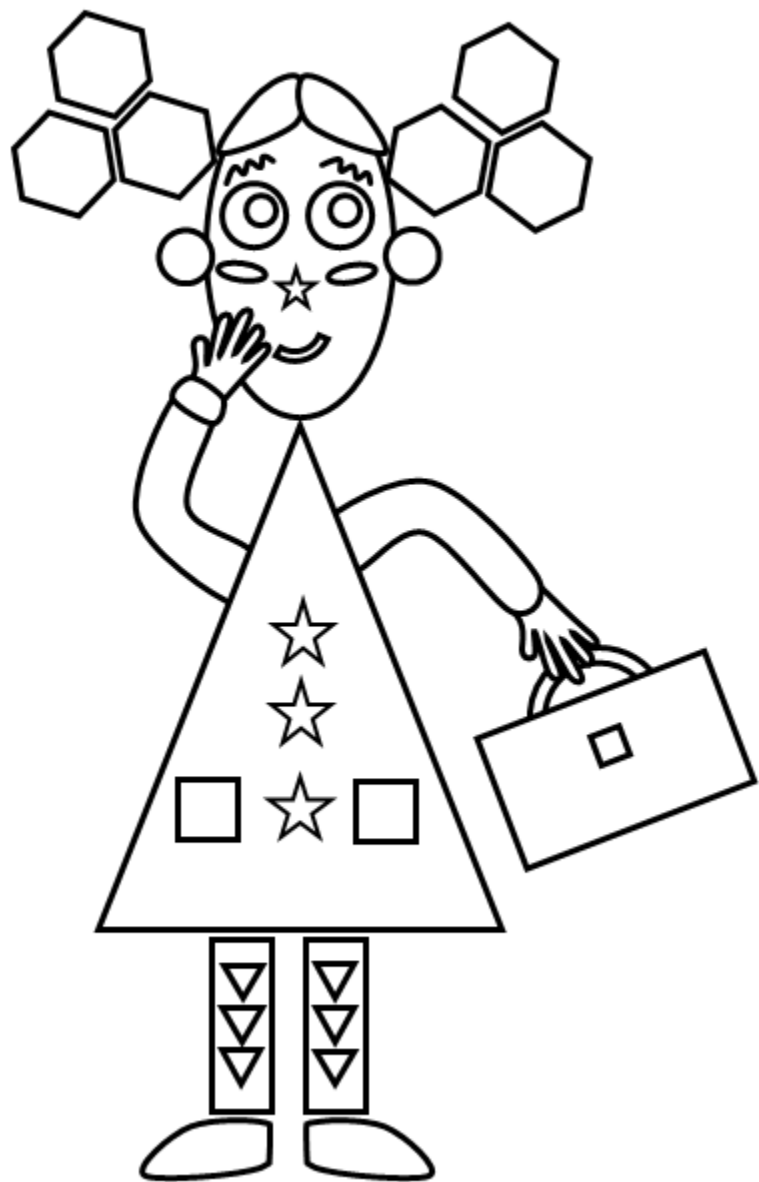

How many ovals are in the image?

4                      1                      2                      3

How many rectangles are in the image?

7                      8                      6                      4

Name: \_\_\_\_\_

## Let's Count SHAPES

Have a look at the image.  
Read the questions and circle the right  
answers. Then color the shapes.

How many ovals are in the image?

3                      2                      1                      4

How many circles are in the image?

4                      7                      5                      6

How many triangles are in the image?

6                      5                      7                      8

How many stars are in the image?

4                      3                      6                      2

How many rectangles are in the image?

4                      7                      6                      3

How many squares are in the image?

8                      3                      1                      2

How many hexagons are in the image?

9                      7                      6                      5

Name: \_\_\_\_\_

## Let's count SHAPES

Have a look at the image.  
Read the questions and circle the right  
answers. Then color the shapes.

How many hearts are in the image?

1            2            4            3

How many circles are in the image?

6            7            8            4

How many squares are in the image?

3            2            4            1

How many diamonds are in the image?

10           11           12           13

How many rectangles are in the image?

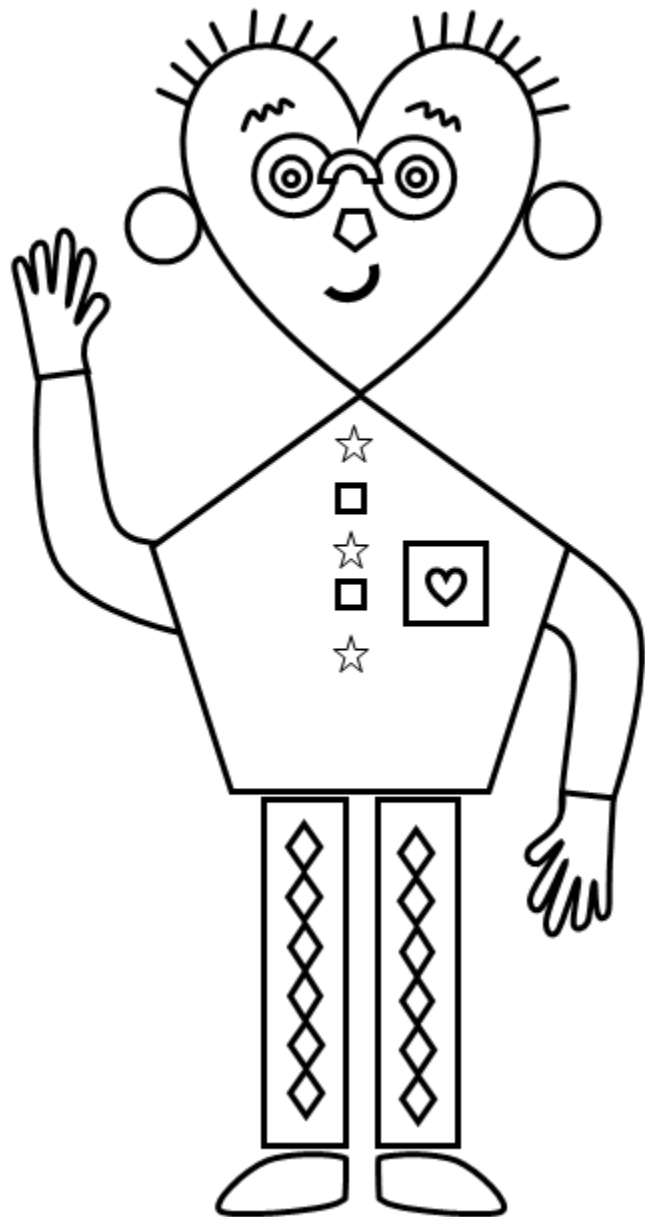

4            1            3            2

How many pentagons are in the image?

4            2            5            1

How many stars are in the image?

5            2            3            4

Name: \_\_\_\_\_

## Let's count SHAPES

Have a look at the image.  
Read the questions and circle the right  
answers. Then color the shapes.

How many hearts are in the image?

16      17      18      15

How many circles are in the image?

5      6      4      7

How many triangles are in the image?

4      3      2      5

How many trapeziums are in the image?

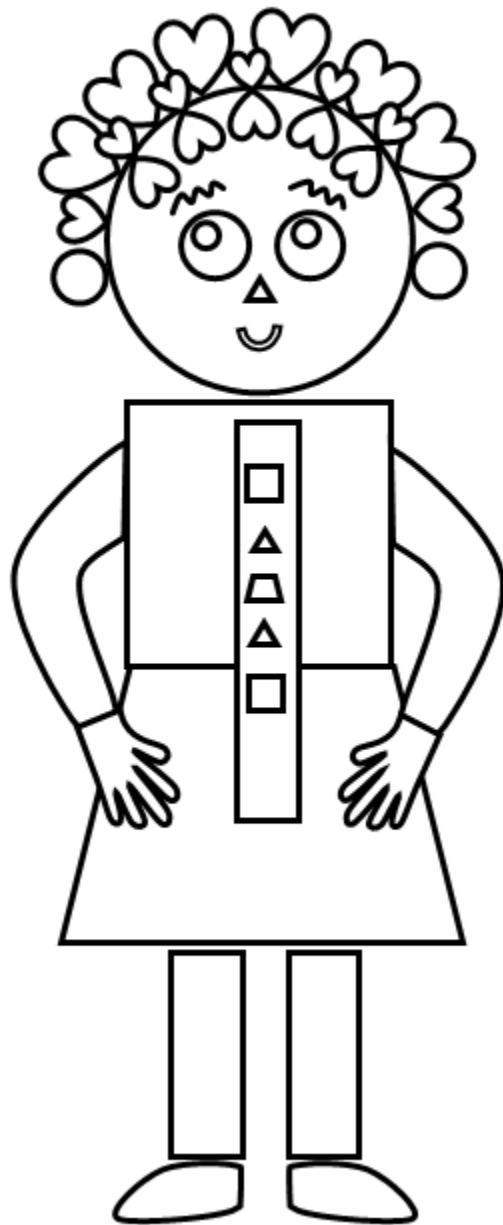

5      2      4      3

How many rectangles are in the image?

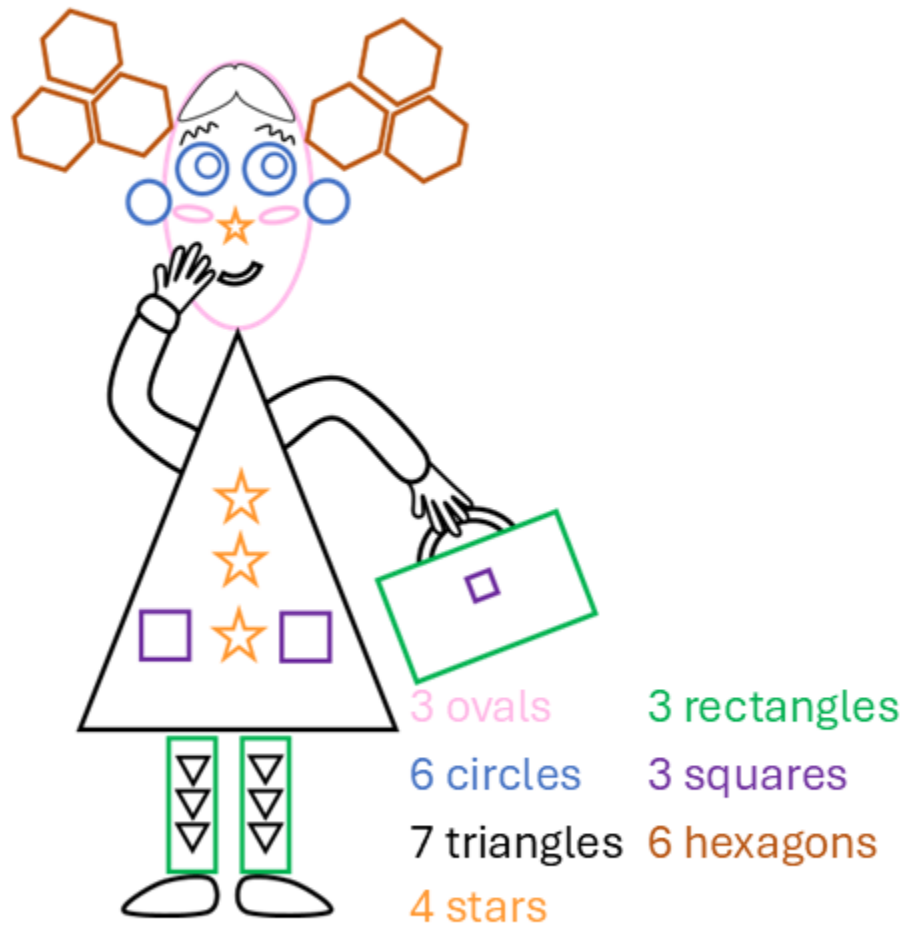

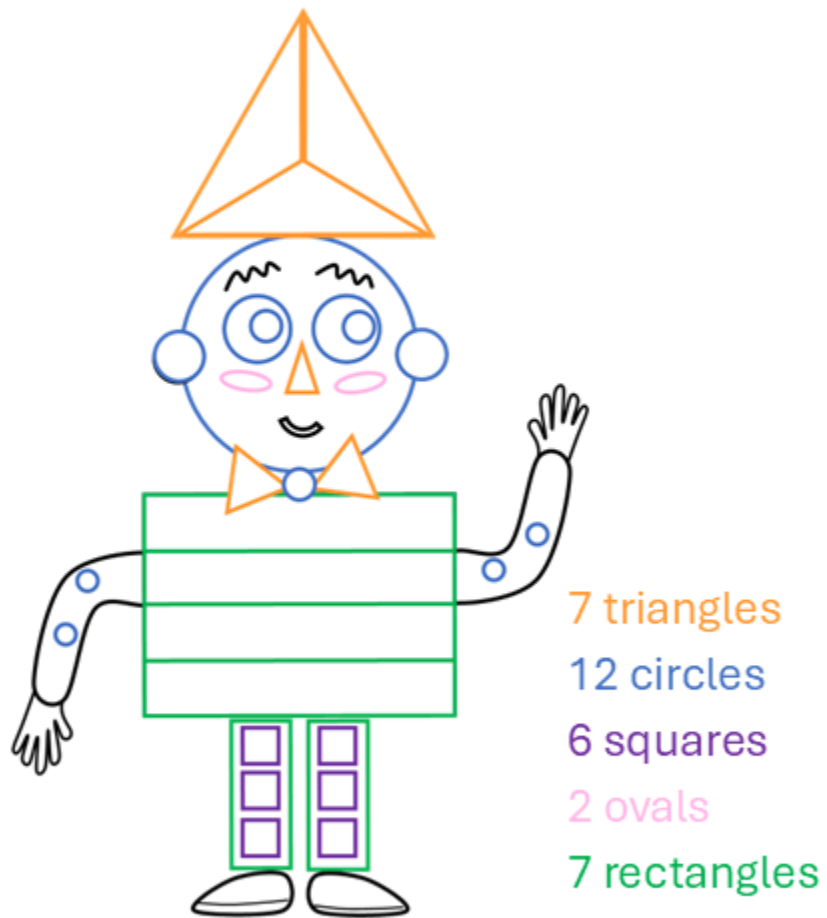

3      4      5      2

How many squares are in the image?

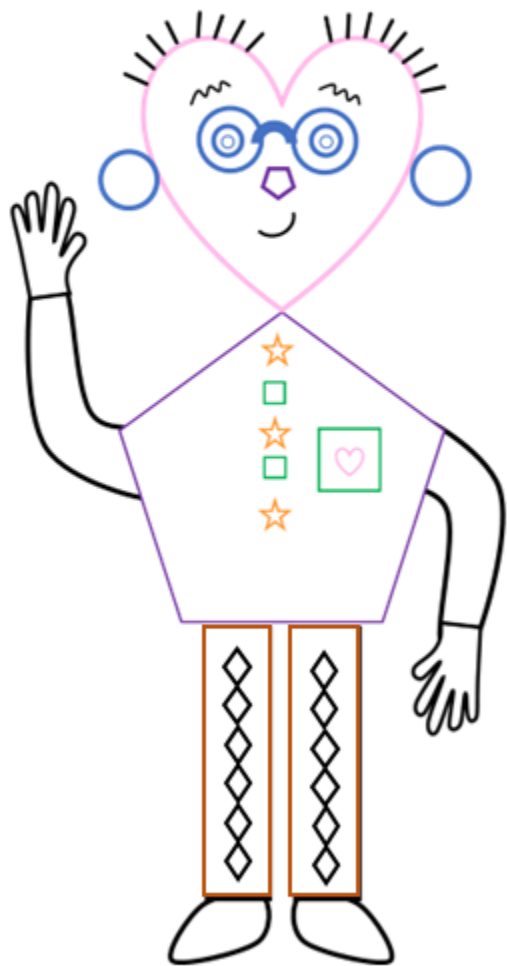

1      2      3      4

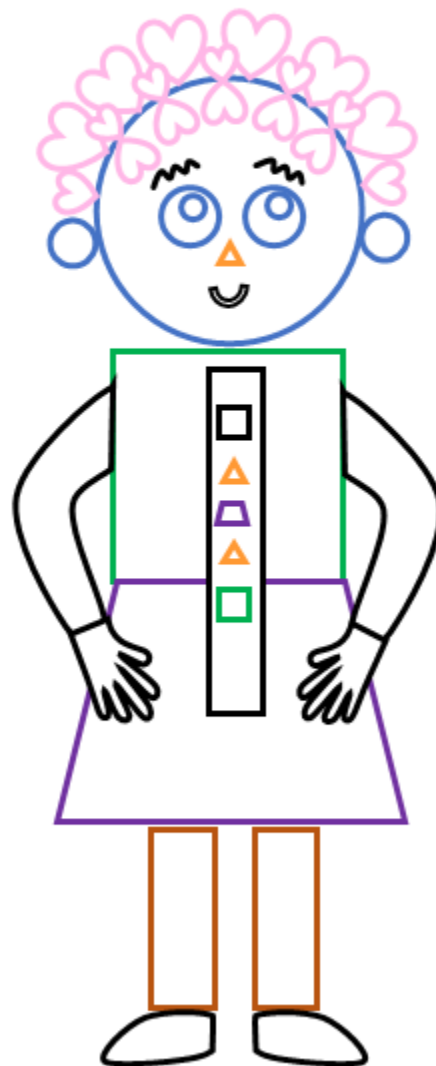

# ANSWER SHEET

# ANSWER SHEET

- 2 hearts
- 8 circles
- 3 squares
- 12 diamonds
- 2 pentagons
- 2 rectangles
- 3 stars

- 18 hearts
- 7 circles
- 3 triangles
- 2 trapeziums
- 3 rectangles
- 3 squares
